Dear Ms. Morgan,

In accordance with the proposed Standard Operating Procedures of the National Certified Public Manager Consortium, I request consideration by the National CPM Consortium Board to review the continuing accreditation of the Oklahoma Certified Public Manage program.

The past few years have brought on challenges in public service, and we have met those challenges head-on by extending our programming to include online and self-paced sessions and in-person meetings. Our current cohort is full of public managers diligently working on their capstone projects and anticipating their program graduation in March 2024.

I can't wait to show off what we've accomplished for the future of CPM at the State of Oklahoma.

Thank you for the opportunity to maintain our accreditation. We wish we could be at the annual meeting in person, but we have undergone a bit of a shift in personnel and couldn't make it work with our current event and training schedule.

Sincerely,

Christina Mallory Chicoraske
